DETAILED ACTION

Reason for allowance

1. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests a method for forming an ohmic contact to silicon carbide for a semiconductor device, the method comprising: the epitaxial layer is grown on the surface of the silicon carbide substrate after the implanted phosphorus has been annealed and on the surface of the silicon carbide substrate that is opposite to the implanted surface then the last step is the deposition of the metal layer on the implanted surface of the annealed silicon carbide to thus form the ohmic contact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
